

Our Commitment

At Vanguard Title Insurance Agency, we are proud to announce we have established the “Title Insurance and Settlement Company Best Practices” according to principles provided for by the American Land Title Association (ALTA). ALTA created these Best Practices to help its members highlight policies and procedures the title insurance industry exercises to protect lenders and consumers, while ensuring a positive and compliant real estate settlement experience. While our title agency has historically maintained the vast majority of these business practices in conducting our day-to-day business and also understanding that these ALTA guidelines are strictly voluntary, Vanguard Title has chosen to ratify and embrace the sum total of these Best Practices on behalf of our customer’s and business partner’s real estate transactions.

We hereby Pledge to continually –

- *innovate new business practices and tools to enhance the settlement experience,*
- *provide ongoing employee training for quality service and regulatory compliance, and*
- *implement written procedures in conformance to these Best Practices on your behalf*

“The 7 Pillars” of ALTA Best Practices

Pillar #1:

Establish and maintain current License(s) as required to conduct the business of title insurance and settlement services.

- Vanguard Title holds all State of Michigan mandated title insurance licenses as a title insurance agency and for requisite individuals dependent upon job responsibilities. Such licenses are reviewed by our underwriters on an annual basis.
- Vanguard Title is part of an agreement with ALTA in utilizing all ALTA Forms and affiliated information.

Pillar #2:

Adopt and maintain appropriate written procedures and controls for Escrow Trust Accounts allowing for electronic verification of reconciliation.

- Vanguard Title deploys all appropriate and essential procedures and controls related to its Escrow Trust Accounts as required by the Michigan Department of Insurance, the Consumer Financial Protection Bureau, and our underwriters to safeguard your funds. All Escrow Trust Accounts are reconciled daily.

Pillar #3:

Adopt and maintain a written privacy and information security program to protect Non-public Personal Information as required by local, state, and federal law.

- Vanguard Title provides Pricing Procedures and Controls in the form of underwriter's rate manuals, our title production system (ResWare), and/or online calculators (as appropriate) to help ensure the correct fees are being charged for title insurance policy premiums, state-specific fees and endorsements as filed with the Michigan Department of Insurance. All credits, discounts, and other pricing accommodations are provided (whenever applicable) pursuant to our underwriter's business rules and filed rates along with our filed settlement fees.
